

Made In USA

Cartoning, Trayforming, Case Packing FOR CRAFT BREWERS

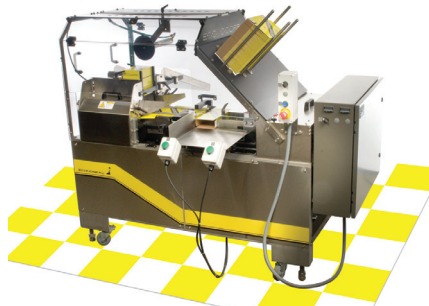

Econocorp provides simple, compact and affordable packaging systems for cans and bottles for moderate volume production.

The E2000 or Spartan ...

Automatically conveys, collates and loads cans into multi-pack cartons that are erected and glue sealed. Typically handles cartons for 12 and/or 16 ounce cans.

E2000

Up to 15 Cartons/Minute

Spartan

Up to 35 Cartons/Minute

Our Customers Are Thrilled:

“Econocorp provides us with the versatility we need to keep up with growing demand at our brewery. We chose the Spartan for our packaging needs after having great success with the E2000. Both of these machines allow us to package in both a 4 pack and 8 pack recyclable box that really helps us stand out on crowded beer shelves. Flexibility, reliability, and labor savings have made it an easy choice for us to make Econocorp our partner in our growth trajectory.”
